

## **MEDIA RELEASE**

### **OFFICE OF THE SHERIFF**

---

**ANDERSON COUNTY, TENNESSEE**

**SHERIFF PAUL N. WHITE**

September 3, 2013

#### **FOR IMMEDIATE RELEASE**

#### **Drug Indictments & Arrests**

Thirty indictments for seventeen persons on drug related charges were returned by an Anderson County Grand Jury after investigations by the Anderson County Sheriff's Department Special Operations Unit. Since the indictments were released, deputies have been making arrests as well as continuing investigations on related drug activity.

The Special Operations Unit conducted these drug investigations over the last few months. Persons indicted for manufacture, sales, delivery, or possession either sold to undercover agents or were in possession of illegal drugs for resale. These indictments also include charges resulting from meth lab investigations and the purchase of pseudoephedrine. Charges include sale or possession for resale of prescription or legend drugs, marijuana, and methamphetamine related offenses.

Of the seventeen persons indicted, seven were charged with prescription narcotics offenses and six for methamphetamine related charges including four for pseudoephedrine purchase violations. One person was charged with marijuana offenses. Two were charged with both methamphetamine and prescription narcotics sales and one was charged with both methamphetamine and marijuana offenses. Four of these persons were also charged with Violation of the Drug Free School Zone Act.

As of August 30, eight of the seventeen persons indicted have been arrested by sheriff's deputies including two that were already in federal custody. Investigators are continuing to search for the remaining offenders.

These indictments come after hard work by investigators of the Sheriff's Special Operations Unit. The District Attorney General's Office also spent many hours assisting investigators by preparing and presenting these cases to the Grand Jury.

Those persons arrested are as follows:
